

### English:

- This term we are starting by reading and discussing a range of poems. We will study the work of the Poet Christina Rossetti and the use of imagery. After collecting vocabulary and ideas, we will write our own poems linked to our history theme. We will also be studying a narrative linked to this theme 'Stone Age Boy' by Satoshi Kitamura.

### Maths:

- We start with place value work, extending to decimals more this term. We will also learn about negative numbers and Roman numerals.
- We will also learn formal methods for multiplication and division. As always, times tables are key and we will keep rehearsing them!

### Science:

- This half term our topic is 'Forces and Magnets.' We will learn to classify forces and draw diagrams to explain them. We will look at how objects move on different surfaces and carry out experiments to investigate this. Finally, we will look at magnets and magnetic materials.

### RE:

- In RE lessons, we will be continuing to explore Islam by learning and discussing 'What difference does being Muslim make to daily life?' We will compare this to previously learnt religions and how this is similar and different to our own beliefs, offering a valuable opportunity to reflect and accept other religions.

## Summer 1 - 2026 Winning and Losing Badger Class

### PSHE and RSHE:

- This half term's PSHE work will focus on our actions and consequences of them.
- In our RSE lessons, we will think about what kind of physical behaviours and contact are acceptable and unacceptable and ways to respond, this will link to what makes a healthy relationship.

### Theme (History or Geography):

- This half term is a history focus learning about the Stone Age, Bronze Age and Iron Age. We will find out about the changes that took place during this period and what life was like. Excitingly, we will be visiting the Time and Tide Museum in July to further embed our learning of the topic. Most of our English work will also be linked to this theme.

### Creative Arts (Art and Design, Design and Technology, Music):

- This half term we will be linking our art work to our history theme. We will study cave paintings, carvings and the earliest forms of art. We will create our own versions and have a go at printing.
- Our music lessons will continue to be taught by Helen and will take place on Tuesdays.

### Other Subjects:

- PE lessons will continue to be on a Thursday. Lessons will be outside as we will be Striking and Fielding so please ensure children have the correct P.E uniform. Swimming will continue to take place on a Wednesday morning.
- In computing, we will be looking at digital photography using the iPads.
- We will also continue learning French, describing ourselves and our families.
